10894 BASSWOOD DRIVE • STURGEON BEACH

10894 BASSWOOD DRIVE STURGEON BEACH

FEATURES

Thoughtfully designed and beautifully finished, this 2023-built home in Sturgeon Beach pairs generous living spaces with association access to Lake Michigan. Offering approximately 5,014 finished square feet, four en-suite bedrooms and four-and-a-half baths, the layout accommodates both everyday living and weekend gatherings. Oak flooring, a stone wood-burning fireplace and a spacious kitchen with quartz countertops, a center island and Bertazzoni appliances create a warm, refined main level. Three bedroom suites include the main-level primary, while the walkout lower level offers a second primary suite, expansive gathering space and a wet bar. A screened porch and rear decks extend living outdoors, complemented by an attached two-car garage. Set at the end of Basswood Drive between the Galien River and Lake Michigan, this home brings together thoughtful craftsmanship and the pleasures of Harbor Country.
