## FEATURES

This exceptional 5-bedroom, 4.2-bath estate blends refined country living with casual European elegance and impeccable craftsmanship. Surrounded by rolling hills, equestrian properties, and scenic trails, the setting offers privacy with convenient access to nearby towns and Metra. A rugged cut-stone façade with limestone accents creates timeless curb appeal. Inside, dark-stained walnut floors, tall ceilings, arched openings, and exposed beams reflect enduring quality. The chef's kitchen is designed for both daily living and entertaining, featuring Viking six-burner double ovens with griddle, Wood-Mode cabinetry, granite counters, beverage center, large pantry, and two butler's pantries. Open living areas flow into a dramatic family room with stone fireplace and a German-engineered retractable glass wall that fully opens to a wraparound deck—seamlessly blending indoor and outdoor living with sweeping preserve views. The main-level primary suite is a private retreat with sitting area, deck access, spa-like marble bath with steam shower and heated floors, and an exceptional dressing room. A second primary suite offers flexibility for guests or multigenerational living. Two laundry rooms, a soaring library with ladder, and versatile recreation spaces enhance everyday comfort. The finished walk-out lower level features radiant heated floors, walnut bar with efficiency kitchen, theater room, fireplace, additional primary suite, and French doors to a brick paver patio and terraced yard. Professionally landscaped grounds with mature trees, paver drives, and pastoral views complete this polished yet welcoming country estate.
