FEATURES

Upon entering the home, an entry gallery gives way to the living room, with French doors that frame the views and a fireplace. The dining room is lined with silk wallpaper. Step into the kitchen with top-of-the-line appliances. Immerse yourself in the artistry of the custom cabinetry. The family room is conveniently open to the kitchen. Incorporating both style and practicality, the family room features a coffered ceiling, and a fireplace surrounded by built-ins. Natural light streams through the French doors. The glass conservatory is an architectural masterpiece of its own. This breezeway connects the home to the outdoor bluestone patio and serves as a connivence to the garage. The second floor offers an east facing ensuite bedroom, a paneled library/office with Ralph Lauren fixtures and a luxurious primary suite with fireplace, two walk-in closets; and a spacious bath. Elegantly appointed in marble tiles, a custom double vanity, a gorgeous tub, large steam shower, and a private water closet. The layout of the third floor offers 3 ensuite bedrooms and a flex space. Completing the residence is the beautiful top floor accessible from your elevator - offering another office/flex space with striking city views, a powder room, and a landscaped roof deck. You will only need to choose your favorite angle or view, offering multiple lounging and dining options. Finally, the extraordinary lower-level that combines elegance, entertainment, and relaxation. This remarkable room with a 110' projector screen, a fireplace, a 600 bottle temperature-controlled wine room and bar creates an unparalleled space. This lower level also offers a home gym and the sixth ensuite bedroom.
