STYLE, COMFORT AND FUNCTION IN ALL THE RIGHT WAYS!

Step inside to discover an open, thoughtfully updated floor plan-highlighted by a stunning fully remodeled kitchen with elegant quartz countertops, designer light fixtures, classic subway tile backsplash, abundant white cabinetry, and oversized island with breakfast bar, GE Cafe black stainless appliances, and a sunny dining nook. The home's flow was made for entertaining, seamlessly connecting the main living areas. Upstairs, the spacious primary bedroom features a rustic barn door leading to a private en-suite bath. Two more bedrooms, each with generous closet space, and a shared full bath complete the upper level. Downstairs, you'll find a welcoming family room and updated half bath-ideal for movie nights or casual lounging. Slide open the glass doors to let the breeze in, or step out into your private, fully fenced backyard. Out back, enjoy unforgettable summer moments on the expansive, pergola-covered patio, surrounded by lush greenery-a perfect setting for cookouts, celebrations, or quiet mornings with coffee. But there's more! The bright English basement offers even more living space, complete with a laundry closet and endless possibilities-bedroom, home office, hobby space, or cozy retreat. This home also features an attached 2-car garage and is perfectly situated just minutes from award-winning schools, Augusta Park, the community aquatic center, Metra, shopping, dining, and everything Vernon Hills has to offer. Additional updates include a new roof in 2022, new paint throughout, new plush carpeting in 2023 and luxury vinyl floor in 2021.
