FEATURES

A tree-lined drive and a covered front porch welcome you. A gracious foyer with a curved staircase sets the tone for the thoughtfully designed interior. Hardwood flooring flows throughout the main living areas, where generous room sizes offer plenty of space to unwind or entertain. The living room opens to the family room and a sunroom featuring radiant heated floors and serene views of a Zen-inspired water feature. A formal dining room provides an elegant setting for gatherings. The chef's kitchen is appointed with a large center island with a breakfast bar, Thermador appliances, abundant cabinetry, a pantry closet and a beverage bar. The adjacent family room boasts soaring ceilings, a fireplace, built-in cabinetry, and French doors to the bluestone patio. The patio features a fireplace and firepit, perfect for stargazing by the fire. A main-level billiards/game room adds to the home's impressive gathering spaces. A main-level bedroom wing offers three bedrooms, two full baths, a sitting room, and a 2nd laundry. The private primary suite is its own upper-level retreat, with vaulted ceilings, a fireplace, luxe bath, walk-in closet with custom wardrobes, laundry room, office, and a loft. A rare highlight is the remarkable barn complex designed for equestrian enthusiasts, hobbyists, or those seeking exceptional recreational space. The barn offers potential for 3-4 horse stalls, a tack room, storage rooms, and an upper level featuring a large deck overlooking the tennis court, a spacious beamed bonus room, a full kitchen, and a full bath. Completing the property are a finished lower-level rec room, storage space, 3-car garage, and the peaceful setting that defines Barrington Hills living at its finest.
