FEATURES

This remarkable home has been completely reimagined with extraordinary attention to detail including kitchen and baths designed by de Giulio Design. Offering nearly 6,400 sq ft of living space, with 4 bedrooms, 4 full and 3 half baths, a 3rd floor bonus/guest room, a heated 3-car garage, picturesque pond views, and spectacular indoor-outdoor living. The grounds are designed with mature landscaping, hardscape, bluestone patios, flower gardens, and professional landscape lighting. A 25' x 50' concrete pool with diving board, limestone coping, newly replastered spa, retractable safety cover, and secure fencing creates an extraordinary backyard retreat. The pool house is an entertaining paradise with a full bath and wet bar. Inside, the chef's kitchen was thoughtfully redesigned blending timeless craftsmanship with modern luxury. Two gas fireplaces with Indiana limestone mantels and surrounds add warmth and elegance to the home's inviting gathering spaces. An elegant dining room, formal living room, and inviting family room provide beautifully appointed spaces for both entertaining and everyday living. The main-level sunroom, highlighted by French-door sliders and a brick accent wall, offers a versatile space that can easily serve as a home office. The primary suite offers a luxurious retreat with a spa-inspired bath. Upstairs, three spacious secondary bedrooms share a well-appointed hall bath, while the 3rd floor bonus room and full bath offer exceptional flexibility. The remodeled lower level expands the living and entertaining possibilities with a designer bar, exercise/guest bedroom, and full bath. Moments from downtown Barrington shopping and dining, Metra, award winning D220 school, and a quick walk to Roslyn Road Elementary.
