FEATURES

This country estate is where elegance and comfort come together. Located between LaPorte and Michigan City, this 7-bedroom, 7-bathroom home with an inground pool, rests gracefully on 4.7 acres of landscaped and wooded grounds. As you approach the house, the quality of this residence is immediately evident. The grand front entry features a custom-designed solid mahogany door. Once inside, the foyer opens onto the formal dining room and living room with a large wood-burning fireplace. The kitchen is a cook's delight featuring custom maple cabinetry, an island, GE Monogram appliances and an eat-in breakfast nook overlooking the swimming pool. The nearby family room is ideal for gathering with large groups and enjoying each other's company or simply watching TV. The main floor also contains a spacious two-room guest / in-law suite with a sitting room and a bedroom, and a separate office which can also be used as a 7th bedroom. Upstairs, there is a spacious primary bedroom featuring a tray ceiling, a walk-in closet and an ensuite bath with a walk-in shower, jacuzzi tub and double vanity. There are also four additional bedrooms with adjoining Jack 'n Jill bathrooms, and a laundry room with ample counter space and a sink. Of course, if this isn't enough, the spacious manicured lawns and 20 x 40 pool beckon summertime fun and barbeques. The full unfinished basement has been stubbed for a bathroom is yours to reimagine however you please, and the garage is wired for an electric car charger. This home delivers it all!
